

Automate your entire meter-to-money process with **Utilmate + Ezidebit**

Ezidebit integrates directly with Utilmate to streamline billing, payments, reconciliation, and compliance.

Key Challenges for Embedded Networks

Fragmented Billing

Manual bottlenecks and administrative burden.

Payment Friction

Late payments and choked cash flow.

Compliance Risk

Navigating regulatory minefields.

Stagnant Scaling

Siloed systems that can't keep pace with growth.

Data Blindspots

Zero visibility into the customer lifecycle.
